

# **FlowCon REACH Compliance Declaration**

## **Regulation EC 1907/2006**

March 2026

FlowCon International ApS, hereinafter referred to as FlowCon, is supplier of HVAC valves, inserts and accessories. This General Statement covers all products manufactured by FlowCon. If a product specific (by part number) declaration is required, please contact FlowCon.

REACH (Registration, Evaluation, Authorization and Restriction of Chemicals, EC 1907/2006) is the European Union's chemical substances regulatory framework.

REACH requires the manufacturer to provide customers with sufficient information on Substances of Very High Concern (SVHC) contained in products in concentrations above 0.1% weight by weight (w/w) to allow safe use of the product.

With this General Statement, we declare that, to the best of our knowledge, all products manufactured and supplied by FlowCon do not contain substances in concentrations above 0.1% w/w listed on the Candidate List of SVHC with latest update February 4<sup>th</sup>, 2026.

One exception is lead (CAS no. 7439-92-1). Lead is used in brass alloys and found in valve housings, head nuts, p/t plugs, flushing caps etc. The w/w % lead content in any complete valve is below 2.0% and for any flanged valve concentration is below 0.1%.

If you have any further questions, please do not hesitate to contact FlowCon.

Authorized and on behalf of FlowCon International ApS,

A handwritten signature in blue ink, appearing to read 'Thomas Vendt'.

Mr. Thomas Vendt  
Global Sourcing Manager
