

FlowCon WEEE Compliance Declaration

Directive 2012/19/EU

Oct. 2024

FlowCon International ApS is the supplier of HVAC valves, inserts and accessories. This General Statement covers all actuators and other electrical equipment supplied by FlowCon. If a product specific (by part number) declaration is required, please contact FlowCon.

WEEE (Waste from Electrical and Electronic Equipment) is the European Union's aim to prevent or reduce the negative environmental effects resulting from the generation and management of such waste. The key purpose is to contribute to sustainable production and consumption by, as a first priority, the prevention of WEEE and, in addition, by the re-use, recycling and other forms of recovery of electrical scarp and incorporated batteries.

With this General Statement, we declare that, to the best of our knowledge, all processes involved in supplying electrical products manufactured for and delivered by FlowCon are WEEE compliant.

If You have any further questions, please do not hesitate contacting FlowCon again.
